Pins art®

Pins Art® is Creativity having fun

by Josep M. Folch

Metalurgica Folch was founded in 1924 on its existing site in Montbrió del Camp, Spain and it is currently the largest **straight pin maker** in Europe.

Folch is a global leader in the pin manufacturing industry. The company operates three divisions that serve different trades including the clothing industry, haberdashery, custom industrial, lacers, and art crafts and hobbies.

Pin manufacturing is our family heritage; our goal is to continue to be a domestic pin manufacturer practicing the old skills more efficiently and to always distinguish between quality craftsmanship and mass production. Our company's aim is to keep the proud tradition as a quality straight and high-grade pin and shirt clips manufacturer with our European heritage for future generations.

Looking to find new applications for our pins we invented, developed and produced the Color Dome Pins®, these are short pins with bigger colour heads making them easier to recognize and handle with all your craft projects, the colours will withstand heat and sunlight, the Color Dome Pins® have enabled us to create the Pinsart® world that we are happy to share with you in this catalogue.

Pins Art® my life's passion.

I am proud to introduce the Pins Art® concept to you, it has been a long journey of almost 10 years to arrive at the point we are at today.

You will discover from the next pages that Pins Art® is a creative activity for everyone, a play time activity for children of all ages, a friends and family fun activity for groups, a creative activity for adults, a tourist souvenir of that memorable visit, a special gift for our loved ones, a colourful activity to combat life's stresses and strains. The list is almost endless.

On this 10 year journey I have been extremely grateful for the assistance of a number of colleagues who have been involved in the project since its inception and I would like to acknowledge their input:

Silvia Corral, the first believer who has now created her own Pins Art® collection within the range, details on pages 19 and 20, Chris Harris for his wisdom to develop the Color Dome Pins® which are the key to Pins art®, Alba García for her endless patience and calmness when facing the deadline for printing this catalogue, Paul Truman for his working box concept, Arno Theuer for his invaluable experience of the Toy business, Hugo Prades for the cartoon style images throughout this catalogue, Josep M. Rebull for the creative background colouring and last but not least my wife Carmen and my family for the creation of the Anna & Friends Collection and others images used in the various Pins Art® collections and for the hours spent at the many Pins Art® workshops bringing the world of Pins Art® to hundreds of children from 6-99 years of age.

I firmly believe that everyone has the potential within them to be creative and I am certain that Pin Art® can encourage the development of creativity whilst having fun in the process.

Pins Art® has connected my hands, my mind and my heart during this journey, and has become my life's passion.

I know that you will love Pins Art® as much as I do.

Josep M Folch

A world of multicolor choices to simulate your child's imagination. With Pins Art® sets anyone is able to create endless different pictures, following their imagination, develop colour recognition, options to match or contrast pins and sequins as they wish.

Pins Art® process of matching colours and pinning is a fun activity that will lead pinsartists, creativity to the final picture that everyone will admire.

Creativity is inventing, experimenting, growing, taking risks, breaking rules, making mistakes, and having fun.

-Mary Lou Cook-

2. Creative therapy

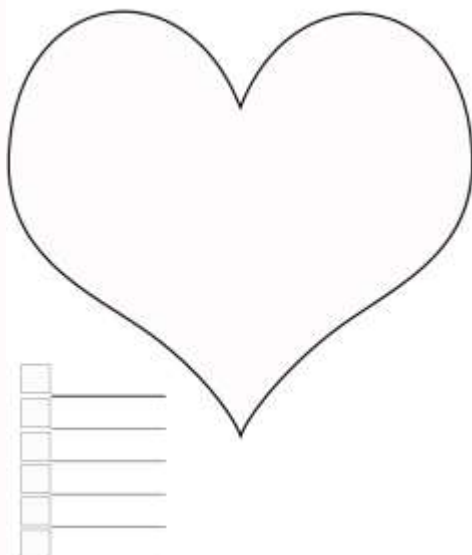

Creating pictures with Pins Art® is a relaxing experience that will encourage the pinsartist to develop their creative potential through art.

It is not necessary to be artistic in any technical sense, we all have our creative side, but have often not been encouraged to use this in our everyday lives.

Every completed Pins Art® picture tells your very own story.

Pins Art® will allow your soul to grow, you will be astonished with your art skills when you have your picture finished.

Pins Art® is ideal to reduce stress and improve self-esteem and awareness.

Les Coeurs de Sylvie

by Silvia Corral

Pins art

WELCOME to my sweet and lovely hearts WORLD. My name is Silvia Corral, export and marketing executive at FOLCH Company, one of the oldest PIN MAKERS in Europe. I'm from Riudoms, Catalonia. I'm a hearts magnet and would love to introduce to you my personal passion for hearts with Pins Art® technique which I hope will inspire you to many feelings; love, passion, happiness, emotion...

I love everything with a heart shape and I had a special wish to create my own Pins Art collection, "LES COEURS DE SYLVIE". This collection has been created by me to inspire LOVE around the world and is ideal for lovely girls from 6-99 years old. Decorating with Pins Art® is an art therapy that encourages creativity and self-expression.

The world needs hearts everywhere. Let me inspire you to create your own heart design to decorate your room, to say thank you to your Mum, your teacher, your best friend or just to say how deep your love or passion is for them. Surely all these hearts will inspire lots of Pinsartists around the world.

LOVE is powerful, no doubt about it, express yourself!!! I would like to thank first of all Josep M. Folch for allowing me to introduce my own Pins Art® collection, then my colleague Alba Garcia for her special final touch to improve my designs and inspiration and finally my family Ivan, Lluç and Clàudia for their patience and support in this project.

It's a pleasure for me to give part of my collection sales to the Fundación MENUDOS CORAZONES, who help children with heart problems.

Annie Lane Collection[©]

Annie Lane

Annie Lane is a Self-Taught Artist who has created her own true and unique style. Her work consists of a wonderfully simplistic, whimsical and witty approach with a great emphasis on colour and design. You will find that each of her creations is as charming and heartfelt as the next. Her colours are warm and strong and the subjects of her paintings are intimate and simple views accompanied by witty titles that are as much a part of the painting as the art itself.

Annie has been creating art for as long as she can remember. Even as a young child, when asked what she wanted to be when she grew up, she would reply, "I want to be a potter and live in a grass shack on the beach". Although never a potter living in that grass shack, Annie is now a full time professional artist. She and her husband live happily on their small farm in the rolling hills of Arizona's White Mountains. You will find that Annie's love for animals and country living is reflected throughout each of her paintings. Annie Lane's Fresh New Whimsical Style has gained a great following from around the country and across the seas.
